Pet Car Seat

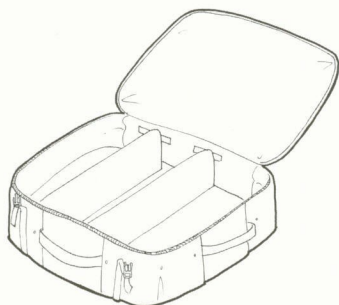

Snoozer®

World's Finest Pet Products Since 1985

Assembly Instructions

1. Unzip suitcase and remove car seat and mesh panel. **Note:** Your pet bed has been shipped to you compressed in the suitcase. When removed from the suitcase, the sides will appear slightly compressed. This is normal -- it will gradually expand to its proper and upright shape.

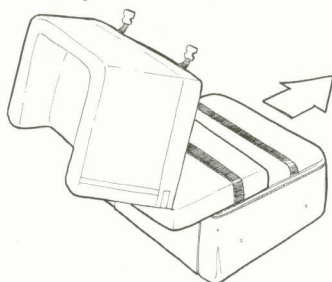

2. Lift dividers and secure to sides of suitcase with hook and loop to form compartments. Pack your pet's belongings and zip closed

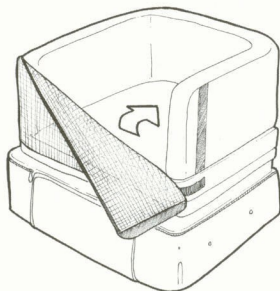

3. **A.** Separate the bottom from the top portion of car seat unit by releasing the hook and loop material.

B. Slide bottom portion of seat under the two straps on top of the suitcase. Position seat so it sits squarely on top of the suitcase.

C. Once secured to suitcase, flip top of car seat to rest on bottom of seat unit. Top will secure to bottom with hook and loop material. Secure seat to suitcase with rear buckles. Adjust as needed.

4. Attach mesh panel to front of car seat with hook and loop material.

Instructions for Use

Car Seat

- Lock rear buckles ensuring that the car seat sits securely on top of the suitcase. Adjust as needed.
- Secure Car Seat in back seat of car by threading the shoulder/seat belt through the straps on the back of the pet car seat.
- Attach the safety hook, located in the rear of the pet car seat, to pet's harness.
- Attach the mesh panel to the front of the car seat with the hook and loop material.

IMPORTANT: Your pet should always ride in the back seat of your car to prevent injury from front airbags.

Pet Bed

- To convert to pet bed, remove seat belt and mesh panel, unlock rear buckles, unfold top of car seat and slip car seat out from under the straps of the suitcase.

Suitcase

- Car Seat features a front drop down panel to provide easy access to contents when the suitcase is in the car seat mode. Simply release the hook and loop material and drop the panel down.
- This area is ideal for holding such pet necessities as food and water bowl.

Mini Car Seat

- For short trips, use the car seat without the suitcase base.

CAUTION: This product should not be used with seats equipped with air bags. Injury to your pet could result.

Storage

When not in use, the pet car seat/bed stows in the suitcase.
