

# Pet Rider Bicycle Seat

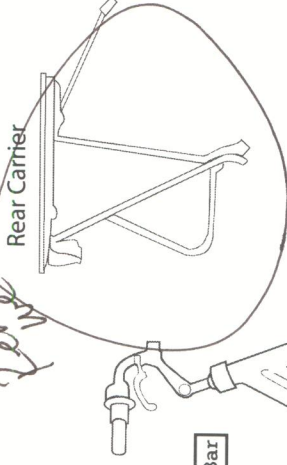

For small pets "on the go"

Sold Separately:

Dog Harness

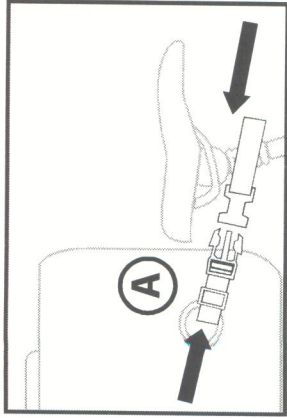

\*For safety reasons, please attach dog clip inside Pet Rider to pet harness. Attaching dog clip to collar can cause serious injury to pet during sudden movements.

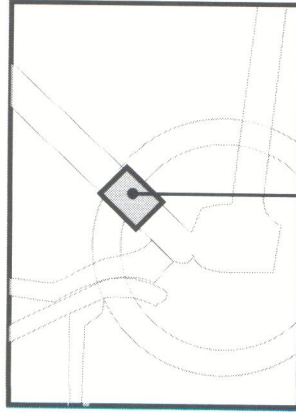

Rear Carrier

Seat Stay Bar

1. Firmly secure and fasten strap (A) around bicycle seat post.

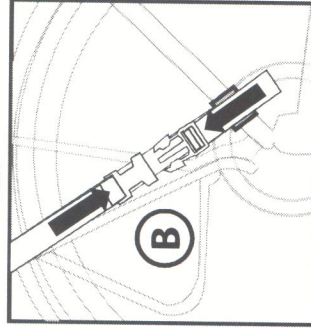

2. Wrap one hook and loop strip around lower portion of seat stay bar, tightening firmly to protect paint from damage.

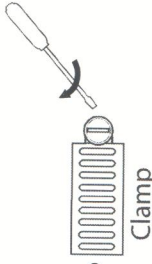

Hook and Loop Strip X2

3. Slip strap (B) from behind and around bar to cover hook and loop strip already in place. Fasten straps tightly until Pet Rider is secure.

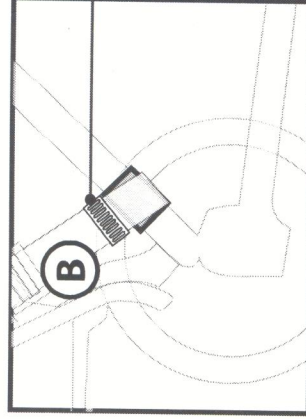

5. Repeat Steps 2-4 on the other side of bicycle (opposite seat stay bar)

Clamp

4. Open and place clamps over secured straps and flaps right above seat stay. Close and tighten clamp to secure any loose material and prevent slippage.
